Your time at St. Mark's College can be remembered in stone!

Buy-a-Brick -

a unique opportunity to have your name permanently engraved on a paver.

The engraved brick pavers will be feature rows around the pond in the College courtyard as part of a complete upgrade of the area.

For Old Collegians, each paver will be engraved with your name (or, if you wish, the name of a member of your family who has attended St. Mark's) and the years in College.

Friends of the College are also welcome to donate a paver, and have their name engraved.

Your gift of $120 for one paver will go towards refurbishment of the courtyard at St. Mark's. This area has long needed enhancement and we are hoping that Old Collegians, friends and other supporters of the College will assist in making this a real feature of the College. (The engraved pavers will form two rows, complementing the new larger plain pavers that will be laid across the whole courtyard and surrounding areas).

If you would like to make a further gift towards the project, this would also be very much appreciated.

All gifts are tax deductible.
